Fruit Report

Windsor, Minn., Oct. 20th.

W. B. Scott, Pres.
Deputy Minister of Agriculture
Victoria, B. C.

Dear Sir:

I have the honor to report as follows:

Calgary, Oct. 20th.—On interviewing retailers here they reported the large fruit that came from B. C. as most satisfactory in every respect. The pack has much improved over former years especially on the loadability of peaches in the latter part of the season, packing being much tighter and more weight to package.

Since I've received crop strawberries consigned from B. C. arriving in good condition and loading on first shipments \$9 per crate, but that supply now coming more plentifully \$8 per crate jobbers here.

Moshier, B. C., Oct. 6.—Peaches grown and packed are over here. This year being loaded by Green's West into large quantities of American fruit are shipped in here, although there is small retailers buying gas lots, and jobbers bring in our loads and distribute from here down the main line east, prices being cut close, grapes and figs not being to this point from American side.

Regina, Oct. 7.—I saw in the Mercantile Co.'s warehouse here American apples in boxes which he stated cost him 10c. per box, f.o.b. point of shipment and although certainly good stock for that money were very nice but I'm inclined to think that the quality they thought was the same as the Yellow Bellefleur and Mammoth I saw B.C. dealers here, were new and green, at present they are ripe of color and demand is very limited for them. I saw B.C. Halls peaches from Vernon, B. C. here although in some length of time were holding up well, jobbers selling retailers at the following prices:

American apples per box, \$4.85
B. C. apples per box, \$2.25

B. C. green tomatoes in apple boxes, \$1.25.

B. C. California peaches, \$1.00
Windsor, Oct. 20th.—The
Naufron Fruit Exchange here

stated they had some on of apples and some of peaches and pears from Victoria Fruit Exchange, Victoria, B. C., sold by auction at the following prices:

Apples, per box, No. 1 — \$1.25
Apples, per box, No. 2 — 1.00Pears per case — \$2.00
Pears, per case — \$1.50

These were certainly very low prices. They further report selling to customers of mixed fruits and vegetables this season to date for the B. C. California Cold Storage Fruit Co., St. Catharines, Ont.

To summarize—Although prices given in this report of American apples by jobbers apparently seem low they all admit the quality is far better than B. C. fruit being offered and quoted at higher prices this season, and are all prepared to buy if satisfied by our samples.

More particularly if they are based on by retailers generally it is far the best method to learn the quality would show growers and shippers to hold firm to present prices asked for good varieties of No. 1 grade and pack as prices are ruling higher everywhere, for No. 1 stock of winter varieties.

Yours faithfully,
W. B. SCOTTC. McLEARY
Commissioner

AN INTERESTING CASE.

At Nelson, Sept. 25, Judge Graham of Nelson, delivered judgment in the license appeal case, John Turner, of the Nelson hotel, Georgeville, was fined some time ago by two Georgeville magistrates for selling liquor in quantities greater than one quart at a time. Two detectives arose that that they had asked Turner's bar-tender to sell them four bottles of gin in quick, but he had refused to give them more than one each, he told them to go out and give each and he would sell them another bottle each. They got one each, rattled in a minute or so and got and paid for the second bottle each. The judge decided on this evidence that there was no conviction because the two sales and questioned the conviction with costs to the applicant.

WISE REMARKS

There's a difference between looking for work and going after it. The easiest way to prove that last expands to give the average man a little hot air.

Make sure that however good you may be you have your faults that however bad you may be you can find out what they are and that however slight they may be you would better make some patient effort to get rid of them—Bismarck.

ACCIDENTALLY SHOT
(From Fraser Valley Record).

On Saturday last while Mr. E. Norton of Burnaby was out hunting for ducks in a grove, and after shooting he went forward to pick up the bird; but while doing so he heard what he believed to be the growl of a human being

On examination he found it was dead and came along. He found that the man was shot in the face—the shot fired at the bird had also wounded his friend. The wounded man was hurried to hospital for medical attention. On examination by Dr. J. A. Stuart it was found that Mr. Norton was not seriously hurt. He was taken to Mrs. Middleton's hospital.

It appears that neither young man knew that the other was out hunting. The bird was found dead by a third party. Both had shot a bird previous to the accident.

Mr. Richards had sufficiently recovered to walk down the doctor's office yesterday, and in all probability was home from the hospital for his home by the time our readers have perused this article.

CHINAMAN SUICIDES

So Chung, a Chinaman, who recently came from Vancouver to Mission making his home with C. A. King, committed suicide on Monday morning in his bedroom.

It appears that So had had some trouble in his home in China, and the brother spent the money, and he probably became despondent and decided it was better "not to be."

The jury brought in a verdict of suicide.

The remains were shipped to China on Monday evening last.

Among those who passed the coroner's examination on the first of the month were the following:

THE MARKET.

New Westminster, Oct. 14th.—The market showed a reaction after the slack time of last week and a large amount of business was transacted in all the lines. The supply of produce in most lines was larger than for many weeks and demand was brisk. The attendance was not as large as it has been expected, but this was attributable to the cooking rain, which prevented making it a pleasant day for persons attending the market and keeping at home those who did not find it necessary to be there.

The meat market was strong to day and prices ruled higher than for some time. There was a good quantity of meat offered and a

large wholesale business was transacted. Beef was not so plentiful as usual. By the carcasses they were purchased at from 8c to 8 1/2c cents. For hindquarters from 10c to 11c was paid for and for forequarters from 9c to 10c. There was more veal and beef of better quality sold than has been seen for some time and prices paid ruled higher accordingly. For specifically noticeable were two conditionally fine carcasses for which 12 cents were paid. Most of the offerings were sufficient to supply demands but lamb was represented by only two carcasses. Pork was plentiful, the best selling at 11 1/2 cents. Retail butchers transacted a large business, prices generally remaining about the same.

The poultry supply was large and the demand for good birds was heavy, this fact being an advantage to the dealer. At low rates \$1.50 per dozen, chickens at \$1.75, white Leghorns and Buff Orpingtons at \$1.50. Plymouth Rocks for 80c and mixed about 45c. Chickens sold by the majority of the dealers at 8c, half-pence being asked but not paid. Eggs were offered at 12c, but not

patrons finding that they could secure a better price for produce waiting to be sold. Geese and ducks sold at their retail of 30 cents. The vendors of hogs had to pay 10c for their eggs before the market closed, although some were secured at a lower figure earlier in the morning. The ruling prices for week were 4c veal, wholesale and 6c retail.

The fruit offering was small and restricted to apples, most of which

at 10c a box.
